### Details

The Scale Klenze CSR coconut carbon and softening resin water filter cartridge is designed to reduce scale, scum, bad taste and odour from water. It also reduces the levels of heavy metals from water including Lead. With a flow rate of approx. 4 litres per minute it is recommended the CSR water filter cartridge is fitted close to the point where the water will be used.

**CHANGING THE FILTER CARTRIDGE.** It is recommended that CSR water filter cartridges are changed at every 3- 6 months, but on occasions it may be necessary to change the water filter cartridge more frequently

Size	SL10	BB10	BB20
